JEWELLERY AND DESIGN

## Ring Size Guide

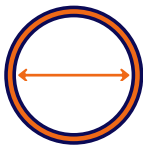

### PLEASE NOTE:

Before you print, make sure that page scaling is set to “100%” in your printer options. Print on standard A4 paper (210 x 297mm). Before measuring your ring size, make sure the line below measures 100mm.

100mm

---

### MEASURE AN EXISTING RING

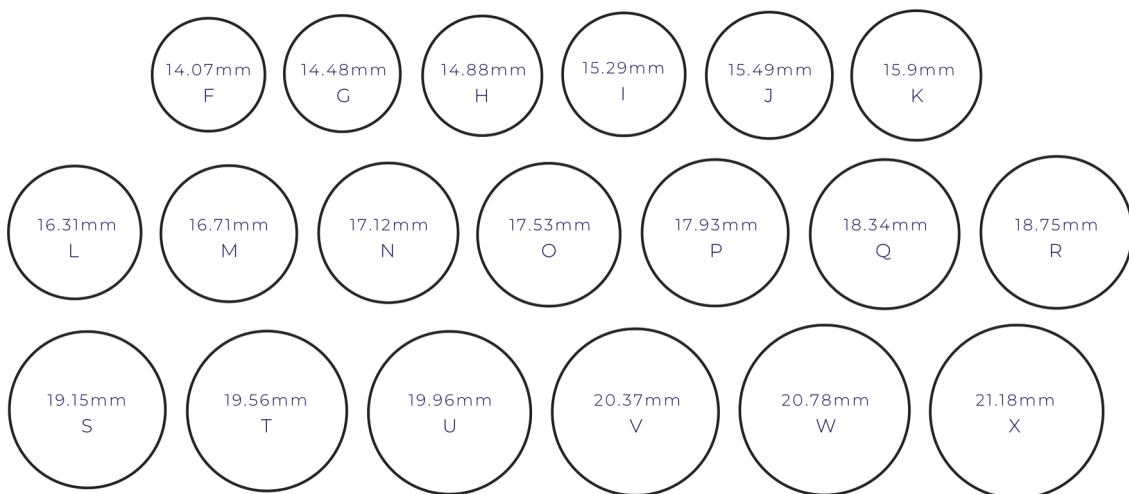

Inside Diameter

Select a ring that fits your desired finger.

The ring should ideally be just a plain band so that it sits flat.

Measure the inside diameter or place the ring over the circles below, matching the inside edge of the ring to the circle nearest in size. This measurement refers to the inside diameter of the ring.

If the ring falls between two sizes, order the larger size.

Please do make sure the ring size you order is correct. I am **unable to exchange or refund** rings made to order.

If in doubt, I highly recommend getting your ring sized by a local jeweller.
